

Actividad de expresión oral de un minuto

Introducción

Esta actividad utiliza <https://wheelofnames.com/> para añadir un elemento de tipo exposición a una actividad de expresión oral habitual en el aula de clase.

En la actividad, los estudiantes tienen que hablar durante un minuto sobre un tema al azar, que se elige haciendo girar la rueda. Los estudiantes que puedan hablar durante un minuto sobre el tema ganan un punto para su equipo.

Si los niveles son inferiores, usted puede reducir el tiempo que necesitan para hablar a 30 segundos o menos.

Consejo tecnológico

Wheel of Names es una rueda giratoria digital que usted puede utilizar en una serie de juegos y actividades. Puede editar la rueda giratoria y añadir su propio contenido. Una vez se han elegido los temas, la rueda los elimina de manera automática. También puede subir imágenes a la rueda. Si quiere guardar sus juegos, tendrá que crear una cuenta gratuita. Los estudiantes no necesitan inscribirse.

Referencia del seminario web: 31:10 - 36:06

Nivel: Intermedio B1+

Duración: 20 + minutos

Objetivo: Desarrollar las habilidades de los estudiantes para hablar con fluidez sobre temas de su interés.

Preparation:

- Select 8 - 10 topics that you think your students will be interested in.
- Go to: <https://wheelofnames.com/>
- Replace the existing topics with your new topics.
- Click on the 'Share' icon and follow the instructions to get a link to your game.

Procedure:

- Put your students into teams.
- Show them the wheel with the topics in.
- Click on the wheel and spin it.
- Once it stops on a topic, ask your students to work in their groups to share all the things they could say about the topic in one minute.
- Give them time to prepare and then select a group and get them to choose a volunteer from their group to talk about the topic.
- While the volunteer talks, they must not repeat themselves or pause for too long, if they do the other teams get a point.
- The other students should listen and check to make sure they don't repeat any information.
- When they have finished, click on the topic to remove it and then click the spinner again and repeat the process with a new student from a different group.

Variation:

- Once students understand the game, you can give them a link to the spinner, and they can play together in pairs or small groups while you monitor and make notes of any language errors or problems they need help with.
